SOLO PARA FANATICOS!

OI YOU!

21 wow. Este 2013 si punk-ul nu mai este cool. Coolerii au migrat in cluburi, concertele au devenit numai DNB si alte dubiozitati care nu au nici o treaba cu muzica care ne place noua. Cat de repede uitam ceva frumos, pe vremea cand mergeam la concerte cu personalul, cand ne strangeam cu o bere la 2L la scara de bloc, am uitat sa ne distram simplu, am uitat sa zambim simplu, am uitat sa fim simpli si frumosi. Nu poti sa fi de acord cu toate lucrurile naspa care se intampla in jurul tau si nu poti ramane indiferent in fata prostiei ce te inconjoara...dar lor le place sa se complaca in atmosfera de club si sa isi fumeze mintiile in mod legal. Concertele si oamenii aia frumosi care mai faceau cate ceva au migrat cu toti catre tarile calde, bucurosi ca se pot prostitua linistiti pe muzica aia buna.
Orice asemanare cu unele personaje este pur si simplu... intamplatoare?!
Asta este un produs DIY, cu ideeile mele, nu am primit niciodata nici o “atentie” din partea nimanui de la asa zisi organizatori de concerte, patroni de cluburi si case de discuri comerciale. Pentru tot ce scriu imi asum intreaga responsabilitate. WE ALL HAVE A VOICE. - Mirceone - Ianuarie 2013.

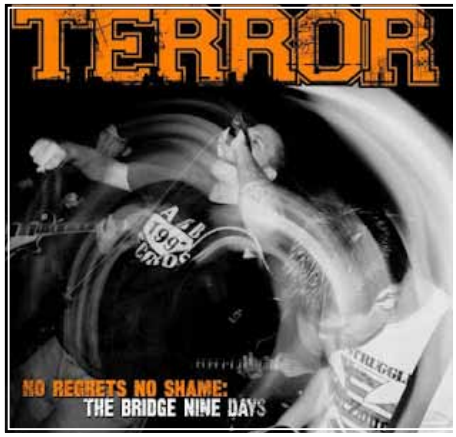
TERROR

HARDCORE

always the hard way

Terror represents probably one of the best hardcore acts ever. Formed with members fom Los Angeles and Richmond they began shortly to be a bomb for the underground and not only. The background of Scott Vogel is a hard one just before Terror he was on Slugfest, Despair and of corse Buried Alive, also Nick Jett was on Carry On and also ex Carl Schwartz formed First Blood after recorder with Terror the album Always The Hard Way.
Their second album sold over 40.000 copies and Terror have toured in Europe, New Zeeland, Australia, South America and Japan not to mention all the big festivals across the US along with underground pubs.
Always The Hard Way reached No 10 in Billboard Heatseekers and No 19 on the Top Independent Records Chart.
Of course every album from Terror represents a masterpiece of Hardcore just to name the: One With The Underdogs, No Regrets, No Shame, Keepers Of The Faith and of course the last one: Live By The Code.
The band is also known for the chance that they give to other hardcore band to appear on their split cd's like: Plan Of Attack, The Promise and of course for the stage divings of Scott.
Hardcore to the bone, family, friends, forever Terror!!!



KIDS LISTEN TO THIS!!!

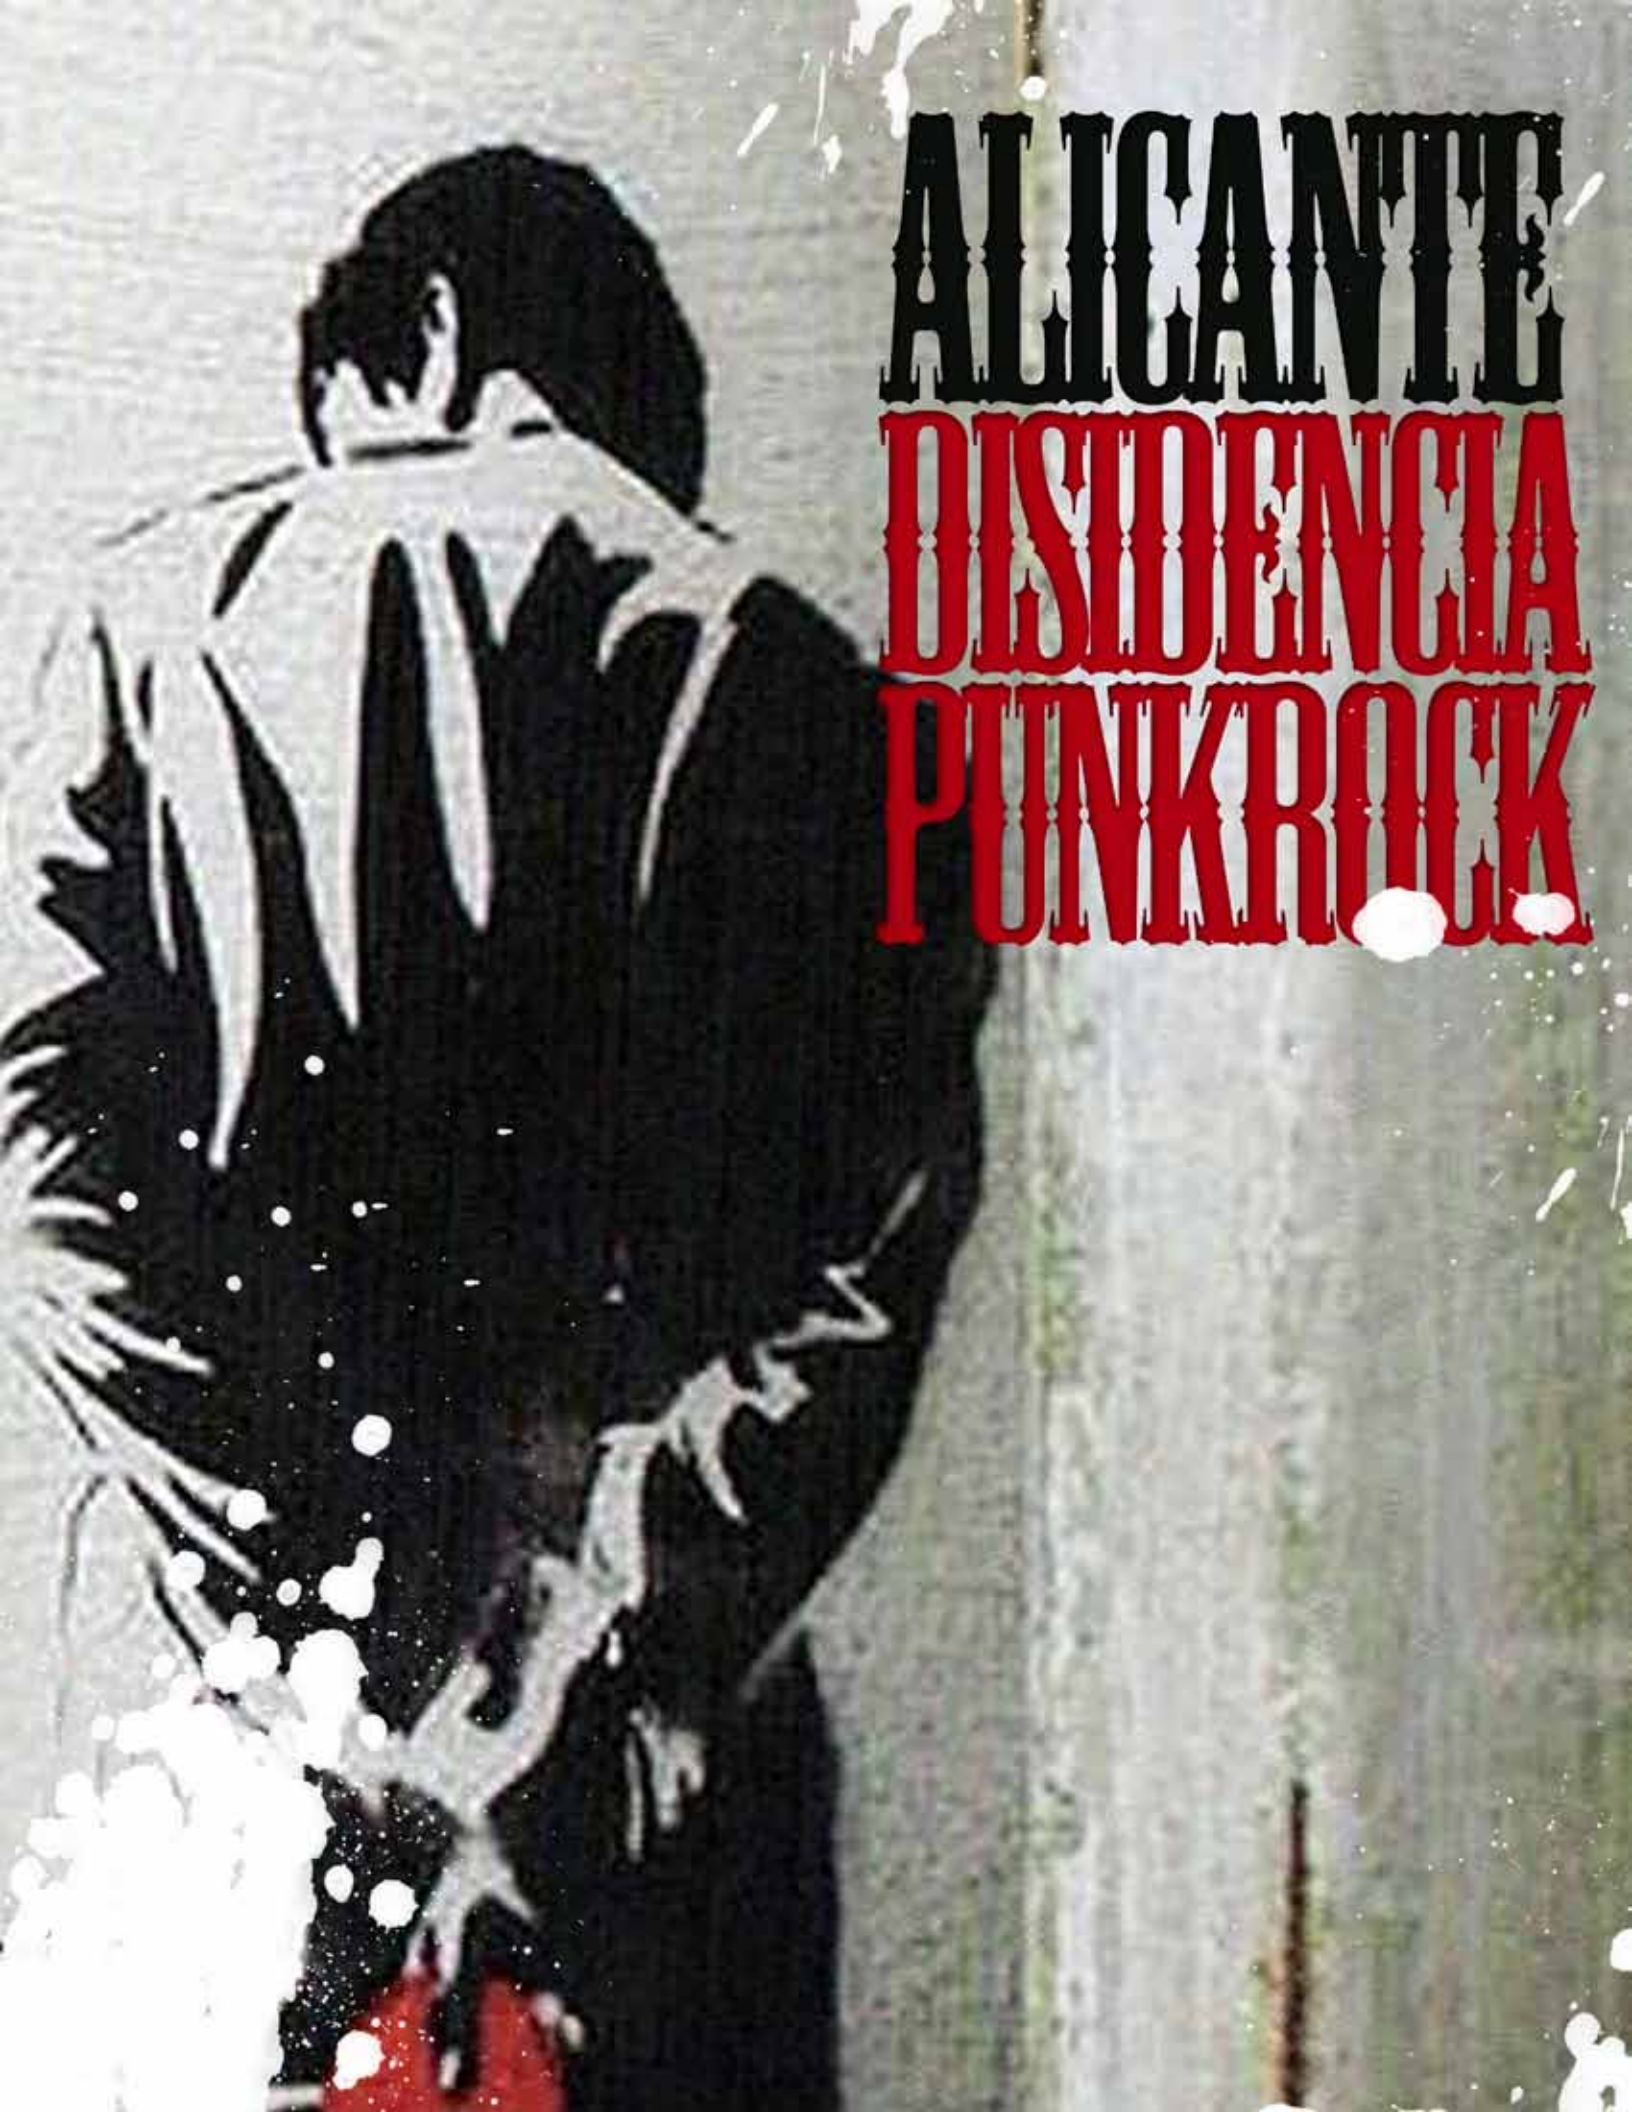
TALCO gran GALA

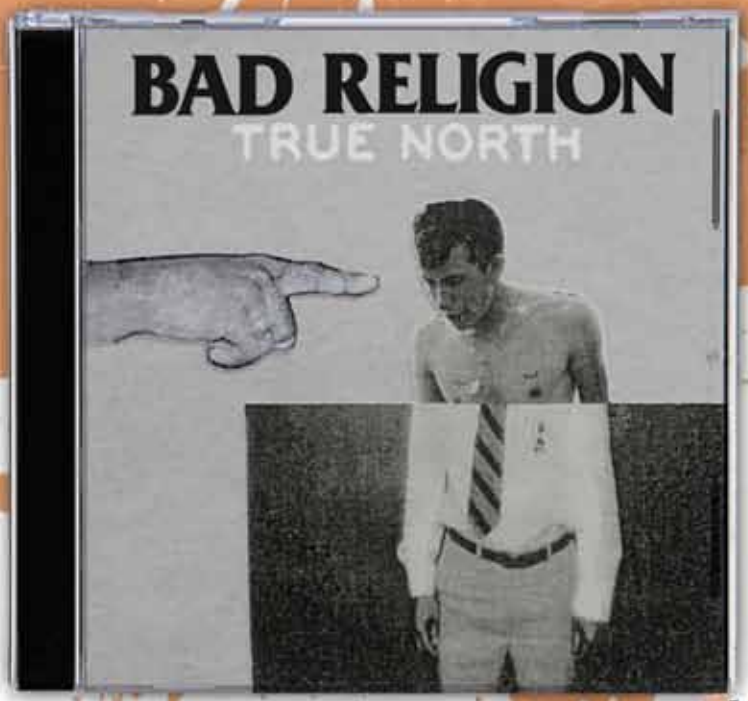
Talco strikes back and patchanka is alive. A pure combat-ska/punk from Destiny Records, Talco bring their new album for the end of 2012 Gran Gala.
First track that has already a videoclip is Danza dell'Autumno Rosa that is very well on top of their videos on YouTube.
After Cretina Comedia in 2010 this is probably the best and mature album of the band, passion and anger. Personally i know the band since their first album Tutti Assolti along with Combat Circus and Mazel Tov they conquer me with their sound, a nice combination of music and words, for 2013 we really wait for something new, until then i will enjoy myself with Gran Gala.
If you are into bands like Los Fastidios, RedSka, Ska-P, No Relax than this album is for you. Put your dancing shoes and let the patchanka begin. Grazie.



ALICANTE
DISIDENCIA
PUNKROCK

Disidencia

formed in 1996 in Alicante (Valencia comunity-Spain) inspired by gropus like: The Clash, La Polla. A mix between punk-rock and a little bit ska with a powerful political message, something in the line of many other bands like: No Relax, Ska-P, Talco, Obrint Pas. After 7 studio albums until 2008 the band quickly grow up in the underground and not only, becaome one of the most apreciated bands from this area.
La Solucion Esta En Tus Manos appear in 1997 and the band start with the concerts in the underground, after this first strike Apologia De Lo Evidente appears in 1998 and Novus Ordo Seclorum (along with Malos Vicios) in 2001 prepare the road for the band outside Spain. In 2002 Bienvenidos A Occidente appear, one of the most mature albums of the band, with ironic and angry lyrics and of course concerts in: Italy, Germany or Austria and of course festivals like: Viña Rock, Tintorrock, Derrame Rock and not only. In 2004 the band drop out Hablaran Las Piedras and 2 years later in 2006 it is time for IV-III-VI a live CD from Barcelona and Alicante with the help of a lor of good guys like: Boikot, Obrint Pas, Malos Vicios and others. The last album until now is Antologia Poetica from 2008, 15 tracks full of social problems, a powerfull message against: politics, capitalism, pollution and human rights, against US politics in Bagdad, Africa, against racism everywhere, probably the most mature album of the band.



The new album from the punk veterans Bad Religion it's a bomb, directly from Epitaph Records the new album is a strong comeback from BR. True North has already a single and a video on you tube: Fuck You. The album was produced by the band along with Joe Barresi, and bring back the short punk hymns, with fist in the air, full of irony and the anti attitude of Greg Graffin.
Full of punk riffs this album is another piece of collection, tracks like Robin Hood In Reverse, Land Of Endless Greed or Dharma And The Bomb presents the band vision regarding the world problems.
Graffin says about the song True North that it has been written from the perspective of a kid who is running away...it's about recognizing that you don't fit it and trying to find a true and purpose.
Short and fast, furious and full of attitude and message...this is how punk should sound. Bad Religion!!!

it's about recognizing that you don't fit it and trying to find a true and purpose

Their 25 th years anniversary will happen this year with a concert on the Hollywood Palladium.

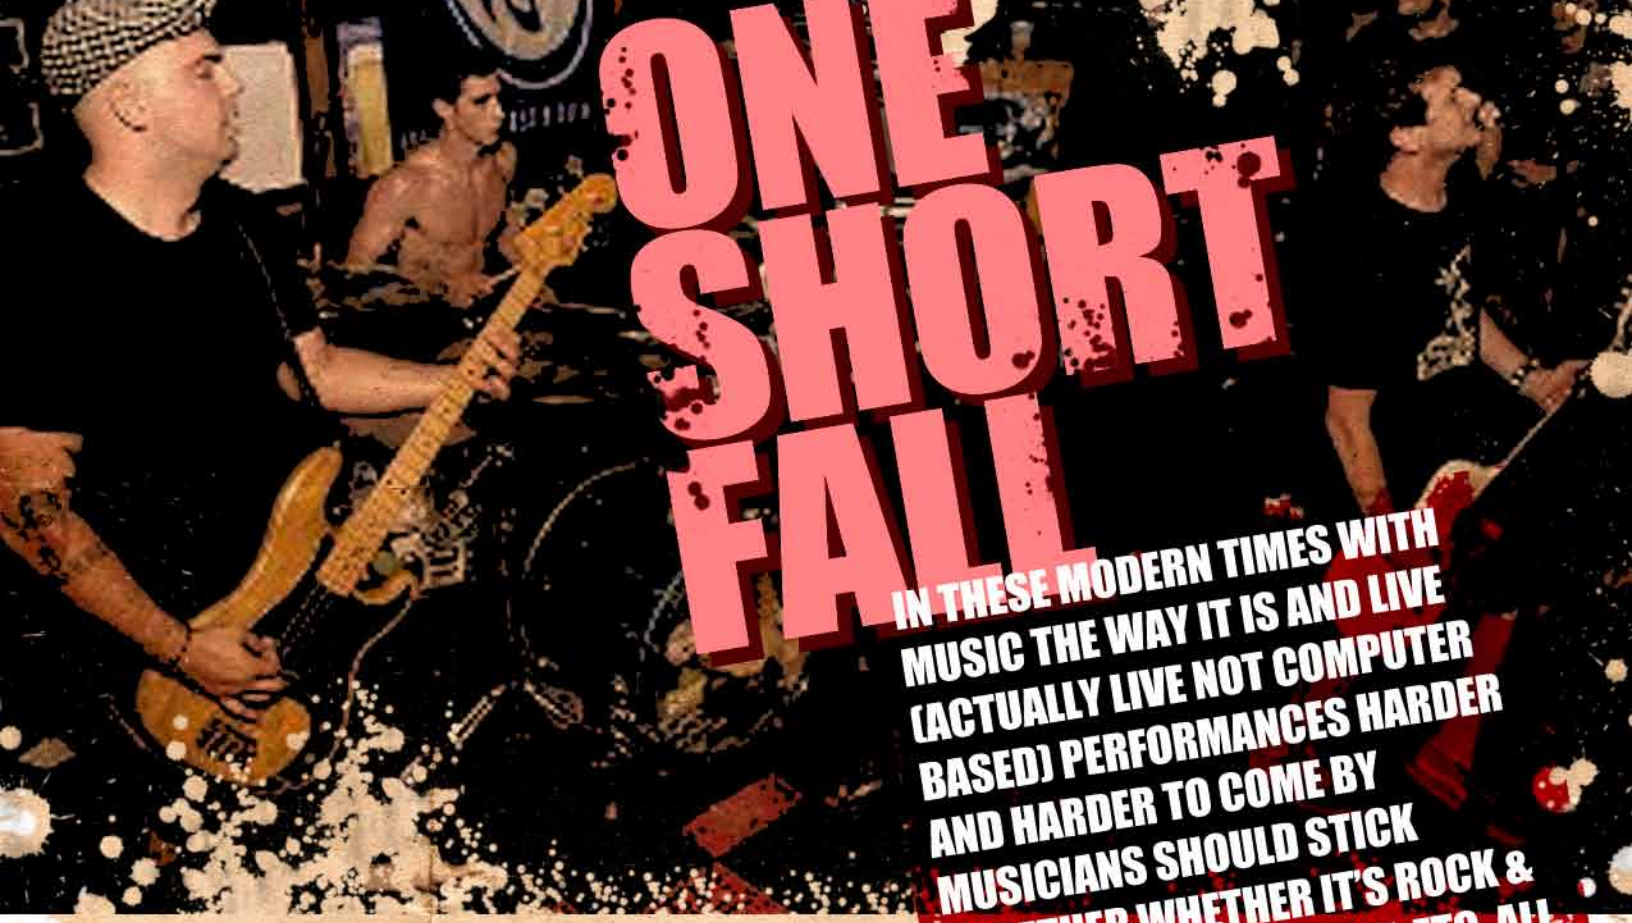
ONE SHORT FALL

have we lost touch?



ONE SHORT FALL

IN THESE MODERN TIMES WITH MUSIC THE WAY IT IS AND LIVE (ACTUALLY LIVE NOT COMPUTER BASED) PERFORMANCES HARDER AND HARDER TO COME BY MUSICIANS SHOULD STICK TOGETHER WHETHER IT'S ROCK & ROLL, SKA, REGGAE, PUNK, ETC. ALL STICK TOGETHER!

Mirceone (MPTY ZINE) Hey guys, what's up?

Matt : What's up dude! Thanks for interview…anyone reading this If so find us and hit me up on our Facebook to prove it! ;) Ok so since the last album we have toured, had a fire, toured, got robbed, toured, had an engagement (wink), moved multiple times, and had some job changes ha! We have had kinda busy schedules recently.

Dan: Hey dude! I'm chilling listening to the new Souls Record!

2.I've listened to your album over and over, but i think it is time for something new...
Matt: I think so too man! …Dan?...

Dan: I agree! It will be four years in October since our last full length came out and we are ready for new tunes also. We have all been really busy with our personal lives this past year but we starting to get a new release together. We currently have a few songs ready to record and many more are in the works.

Matt: Ye We have been working on a bunch of stuff! In between all three of us moving and some job and schedule changes we have been working on 2 splits and a new full length! The first split "Melting Cheese" we did with our friends from Delaware "Tit Patrol". We will be pressing it to vinyl so thats awesome! (its not out yet but as soon as we have a release date we will let you know, if you want one! We have recorded our half of another split we are doing with "The Headies" also from Delaware. Once we get them up here to record in our studio, Rat House that one will also be coming out (that one will have new songs and covers) So far im loving all the new stuff we've been writing and I feel like we are still developing our sound which is super cool! There is a clip of our last live show on our facebook that has some bits from new songs so check it out!

Brian: In my opinion, this split and new record we are working on, this is the best new tunes we've done!

3. Tell me something about the band, how you start and something about Nothing Left To Say

Dan: It's been too long ago at this point to remember exactly how we started... It's like we've been black out drunk the whole time. The Big Man and I went college together and started this band together almost 10 years ago.

Brian: I was living in Newark and saw that they were working on a new record and needed a new drummer. I came down and auditioned a bunch and wasn't good ha! However since I like to drink, I got the job.

Matt: Brian did great at the auditions haha! Dan and I had been doing this for a few years and our old drummer left. We kind of floated in limbo for awhile but then started writing "Nothing Left to Say" and figured we would work out the drummer thing after. We had a little label interested in us assuming we found a drummer so we started looking. Brian came through in the clutch and rocked hard...plus he is really good looking ;) The rest as they say is history!

4. Snowfall In Killarney reminds me of Dropkick Murphys or Street Dogs. What is the story of the track?

Matt: We will give that one solely to Dan ha!

Dan: The song is about when I went to Killarney, Ireland in 2006. We woke up one morning and it was snowing and there were ice caps on the Macgillycuddy Reeks. Our bus driver Tom O'Toole told us we were very lucky to see it cause "Frost upon the Reeks" was a rare occurrence.

5. Who is the Jersey Girl?

Brian: Ah…miss Jenna Von Fury! What a woman…wonder where she went haha!

Matt: You can find her on the internets if you felt like looking hard enough! She was a friend of ours from awhile back who was/is a badass haha

6. Bouncing Souls or Rancid?

Matt: Unfair Question! I mean Freeman is sick…but c'mon the Souls? sooooo good… and from the dirty jerz!

Dan: That's like asking a parent who their favorite child is. So... Rancid.

Brian: Rancid

7. Obama or Bush?

Brian: I didn't vote: You are always gonna wind up with the same thing…no matter who you vote for they are all the same fuckin thing. 2 party system sucks.

Matt: HA! Same person…well atlas Obama can articulate a thought

Dan: Neither but if I had to choose def Obama.

8. For the near future you have some new tours or some gigs?

Matt: Right now we are actually focusing on just writing this record and trying to get those other discs out…cause like you said….its been FOREVER!

Bouncing Souls or Rancid?

Unfair Question! I mean Freeman is sick…but c'mon the Souls? sooooo good… and from the dirty jerz!

9. Tell me if you know something about Romania or the scene here

Brian: I went to school with a kid name Alex… he was from Romania, pretty cool other than that no…no idea about the scene I hope it's doing well I'll have to look into it!

Matt: Not a single thing…but you gimme some bands from there I should check out and I will look into it for sure! I hope the kids there have fun and work at keeping there scene alive cause its on life support over here…but we are workin for it…it means a lot to know you have heard us there!

10. Make me a top 5 with the best bands ever...

Matt:Beatles
Buddy Holly
Springsteen
NOFX
Blink 182 (this list for me changes weekly)

Brian: Iggy
The clash
Rancid
Ramones
Op Ivy

Dan: The Beatles, Rancid, Social Distortion, The Clash and... One Short Fall.

11. Thank you for your time and if you have something to add, please.

Dan: Thanks You!

Matt: Sorry so long to get back at you but thanks again! Hope you guys enjoy the tunes (I will send you our new single if you want to be the first to debut it anywhere)

Brian: In these modern times with music the way it is and live (actually live not computer based) performances harder and harder to come by musicians should stick together whether it's Rock & Roll, Ska, Reggae, Punk, etc. ALL Stick Together!
